Greetings, UUCUC Community

I am honored to be able to serve this amazing congregation as the chair of your Board of Trustees, especially at such an exciting time for our congregation. We have welcomed our new settled minister and every week I see new faces on Sunday morning, looking for what we have to offer. Our Religious Exploration and Engagement continues to grow and expand the offerings (I imagine many of you have participated in one of these offerings in some way). Teams from our Social Action Council are deepening relationships with organizations in our community, all in alignment with our strategic plan. We are living into our mission by unanimously voting to approve our accessibility projects of a new ramp and air conditioning for our sanctuary.

I am excited about our possibilities for next year and beyond, as we create the beautiful prism of the light we reflect into the world around us. As we continue to grow, there will be more interest in our offerings of small group ministry and exploration and engagement, more desire for the investment of our staff resources, increase in facility usage, and increasing creativity in our worship services under the direction of our fabulous Reverends Beth and Sally. All of this requires congregational generosity of time and talents and generosity of financial resources. Together, as a community, we can do this! It takes all of us though, no matter the size of the participation. Every contribution comes together to create our Prism of Possibilities. Please join me in creating our future.

With much gratitude and appreciation for all that each of you bring to enrich this community.
